

Broaster® To Go Authentic Pizza Heated Merchandiser

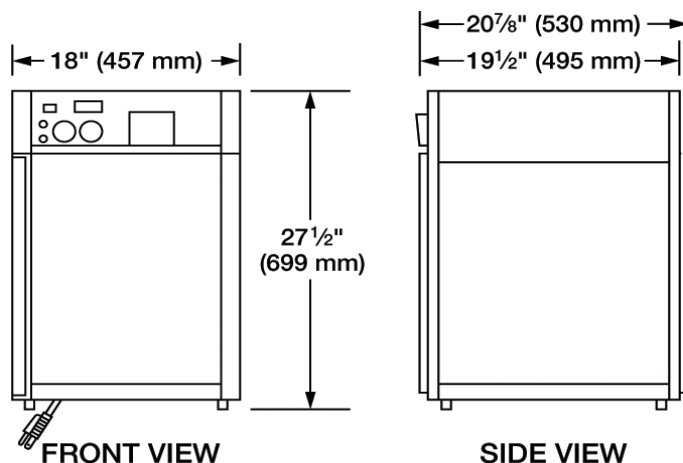

- **Adjustable** – Easily changeable heat control with digital temperature monitor for keeping crispy foods crispy.
- **Versatile** – Designed to accommodate a wide range of Broaster® products.
- **Convenient** – Models are available with one door for a full-service operation and two doors for convenient grab 'n go meals.
- **Flexible** – These units are suitable for restaurants, pizzerias, convenience stores, snack bars, and kiosks.
- **Sleek Design** – The stylish rounded design of these holding cabinets features tempered glass sides and doors for a full-view display.
- **Safety** – A shatter-resistant incandescent light enhances product appeal while keeping foods safe from shattering bulbs.

These stylishly designed holding cabinets not only give your product an appetizing appeal; they also provide a convenient and safe way to display and serve your customers.
