

ANNOUNCING 5 DELICIOUS NEW

Broaster® Recipe Selections

SURE TO BE THE **Hottest Foods** IN YOUR FREEZER!

We invite you to experience our dramatically growing line of Broaster® Recipe ready-to-cook frozen foods, now expanded with five exciting new selections that will add variety, convenience, and profitability to your foodservice menu.

Our new **Broaster® Recipe French Fries** offer a classic natural taste that will have your customers begging for more while our new **Broaster® Recipe Onion Rings** have a beer batter breadening for a uniquely delicious flavor profile.

Our new **Broaster® Recipe Breakfast Pockets** provide an easy way for you to expand into the breakfast arena with three delicious varieties: Egg & Cheese, Egg & Sausage, and Egg & Ham.

Similarly, you can expand into one of America's most popular food categories with **Broaster® Recipe Pizza Pockets** available in three tasty choices: Cheese, Cheese & Pepperoni, and Supreme.

But that's not all. Now you can provide the perfect ending to any Broaster meal with **Broaster® Recipe Mini Fried Cheesecakes**. These crumb-covered cube-shaped morsels have a crunchy warm exterior that provides a delightful contrast to their cool, smooth, creamy interior. Truly a unique taste sensation that will set your menu apart from the crowd.

Try out these tasty new products today. Contact your Broaster® Recipe Foods distributor for a taste test, pricing, and additional information.

CHECK OUT THESE NEW STATE-OF-THE-ART

Broaster Company Fryers

2400 Large Capacity Pressure Fryer

- **High-Volume** – the only pressure fryer on the market that can cook 22 lbs. of bone-in chicken in under 10 minutes!
- **Large Cooking Well Design** – more room for product, minimizing sticking and producing delicious, superior quality food.
- **Exclusive Counter-Balance Lift System** and quick closing and opening single action sealing designed for safety and ease of use.
- **Built-in Filter System** – designed for quick, easy, and safe cooking oil filtration with no heated fittings to disconnect.
- **Proven Round Cooking Well Design** is engineered for more uniform heat distribution, durability, and efficiency, no cold spots or corners.
- **Exclusive Temp-N-Time™** feature offers the capability to pre-program up to 10 different cook cycles for quick and easy preparation of a variety of menu items.
- **Unique Auto Comp™** feature automatically adjusts cooking time to accommodate for varying sizes and temperatures of loads.

Now available in electric and gas models.

- **Complete Branded Food Program** available including recipes, P.O.S. materials, packaging, training, and marketing support.

VF-3 Ventless Countertop Fryer

- **Self-Venting** – no costly hoods or vents to install (check local restrictions).
- **Programmable, Solid-State Controller** with dual digital display.
- **Easy to Operate** – Broaster's handy Temp-N-Time™ feature offers 10 preset temperature and time combinations.
- **Proven Round Cooking Well Design** for consistent heat distribution.
- **Exclusive Information Center** – assures all critical components are installed and operating properly.
- **Autolift Feature** – raises and lowers basket in the cooking well automatically.
- **Large Basket Capacity** – well beyond competitive offerings for more product per load.
- **Built-in Fire Suppression System** – in accordance with NFPA 17A. Resettable high temp limit switch included for added safety.
- **Fits Almost Anywhere** – requires only 25" x 23" of countertop space and stands just 27½" tall.

Serving hot, delicious grab 'n go foods has never been so simple ... or so profitable!

- **Complete Branded Food Program** available featuring Broaster® Recipe frozen foods, P.O.S. materials, packaging, training, and marketing support.
