

LIGHTING

Elation Professional introduced a new version of its high-power MR RGB LED lamp, the MR RGB GU10. Featuring a GU10 lamp base, the new edition can be easily attached to any light fixture equipped

with a GU10 socket. These fixtures, with their rainbow of colors, are ideal for bars, restaurants and bowling centers.

EMPLOYMENT

ConciseWare debuted its ConciseStaff online application-tracking program recently. The software features a criteria-based search function that scans specific skill sets, state licenses, background, experience, software skills, languages spoken, an internal rating system, and it can be customized to collect bowling-specific data.
