Beach Butler from LRS allows outdoor paging

Guests at the pool or other outdoor settings can place orders easily with Long Range Systems' new Beach Butler by pressing a button on the system that sends a silent signal to a server. The product is waterproof with a tamper-resistant, bright yellow casing, and attaches easily to a lounge chair or table umbrella. Call 1-800-437-4996, or visit www.pager.net.

Vertical rotisserie holds four birds

Broaster vertical Model V4 rotisserie ovens cook and merchandise at the same time and have a four-bird capacity as well as optional accessories for cooking pre-cut chicken, ribs and appetizers. The oven includes a patented vertical spit for easy loading and unloading, and "puncture-free" cooking. Visit www.broaster.com, call 608-363-7945 or Taylor of New England at 800-344-7745.

Chill Fresh system reduces spoilage

Irinex USA's Chill Fresh system helps reduce spoilage and keep waste to a minimum. Select from dozens of models and options to fit individual needs and specifications. Irinox blast chillers and shock freezers keep fresh products for five to seven days on average and frozen items for four to six months and reduce bacteria and evaporation, extending product life by up to four times, says the company. For information, go to www.irinox.com or call 888-514-1880.

Convenience and profit with Broaster

Broaster's new battered natural cheddar nuggets offer simplicity, convenience and profit opportunities. Battered natural cheddar nuggets are par-fried and made with Wisconsin cheddar morsels. Prepare with Broaster's pressure and ventless frying equipment for a side dish or hearty appetizer. Nuggets come in 7-lb. packs. Go to www.broaster.com or call 608-353-7945.

Triangular display fits on tabletops

The RNR Tri-Viz Tabletop Display lets operators show menus, promotions or ads and allows for easy daily changes. The three-sided vinyl display stores flat, is sealed at the bottom and assembles fast, with a self-adhesive strip, into a visible holder that loads from the sides. The shatter-proof product comes in various standard and custom sizes. Call 508-821-4800 or visit www.rnrplastics.com.

Reverse-osmosis makes better coffee

At 3M Water Filtration, formerly known as Cuno, the TFS150 reverse-osmosis system produces 150 to 225 gallons of water daily for better tasting coffee or espresso. Equipped with a precision blending valve, the small wall-mountable system dials in a desired level of dissolved-minerals from five to 50 percent of the in-coming water. Objectionable tastes and odors are reduced to below detectable levels in most cases. The system is said to significantly reduce problems and high maintenance costs caused by lime-scale deposits. Call 888-218-2866 or visit cunofoodservice.com.

Dispensing system is hands-free

Emerald Touchless dispensing system for paper towels is said to reduce waste by 25 to 35 percent and create a "greener" environment. The hands-free system features adjustable paper length and multiple delay settings as well as a lock mechanism. Visit www.param-digm-grp.com.

SipDisc™ promotes good oral health

SipDisc™ makes straw "fall through" a thing of the past while keeping bugs and flying insects out of beverages as well. In addition, the product promotes better oral hygiene and safer driving habits, the company says. SipDisc fits over the mouth of the bottle and onto the threads of the neck, while a slit accepts the straw and holds it securely in place. Use your own graphics to advertise promotions on SipDisc™. Visit www.sipdisc.com or call 212-888-DISC.
