Broaster Chicken: Making Must-Stop Destinations

Broaster Chicken® has made Petro 2 Stopping Center a “must stop” for travelers along Highways 6 & 24 outside Napoleon, Ohio.

Great products, great service, and a great concept. Three things that The Broaster Company is proud to offer to all of its operators. At Petro 2 Stopping Center in Napoleon, OH, that's precisely what president and partner Mike Adams was looking for when deciding on a hot food program for his convenience store. In fact, Mike has gone so far as to say that their authorized distributor, Broaster's Sales & Service out of Fort Wayne, IN, is the best in the industry, making his life easier by completely taking care of that segment of their business.

The Broaster® branded program is not just a pretty face in this convenience store – it generates over \$8,500 per week in sales! In addition to their ever-popular Genuine Broaster Chicken®, Petro 2 also offers Broaster® Recipe Chicken Tenders, Boneless Buffalo Wings, Seasoned Potato Wedges, Hot Wings, and more. There is some seating available

inside, but the majority of the meals are taken out in Broaster® To Go branded packaging. These “walking billboards” are a great way to attain word-of-mouth advertising without designing a newspaper ad or writing a radio commercial. However, Mike does include newspaper and radio ads in his promotional arsenal as well. Additionally, he employs a large sign on a tall pole out front and other outdoor signage as well.

But outside is not the only place that operators need to advertise. A very important and often overlooked mode of advertising takes place inside the store where Petro 2 utilizes a full array of menu boards along

with a brightly lit 8 foot long deli case to attract patrons into their deli area and up to the counter.

Petro 2 has found their Broaster Chicken to be an ideal offering for road-weary travelers yearning for a quick, hot meal that's sure to please even the most finicky of palates.
